

# Chapter 8 Web Links

## [SILVA rRNA Database Project](http://www.arb-silva.de/)

<http://www.arb-silva.de/>

A comprehensive online resource for quality checked and aligned ribosomal RNA sequence data.

## [Gene Expression: Transcription](http://www.biology-pages.info/T/Transcription.html)

<http://www.biology-pages.info/T/Transcription.html>

Summary of transcription and modifications of RNA.

## [RNA Splicing](http://www.web-books.com/MoBio/Free/Ch5A4.htm)

<http://www.web-books.com/MoBio/Free/Ch5A4.htm>

Review of the splicing mechanism and some examples of alternate splicing in different organisms.

## [The RNA World Website](http://www.rna.uni-jena.de/en/the-rna-world-website/)

<http://www.rna.uni-jena.de/en/the-rna-world-website/>

A comprehensive site with links to sequences.
