

Chapter 18 Web Links

[Mitosis World](#)

<http://www.bio.unc.edu/faculty/salmon/lab/mitosis/mitosis.html>

Links to labs, movies, journals, and other mitosis resources.

[CYCLE-TRRD: Cell Cycle Dependent Genes](#)

http://www.mgs.bionet.nsc.ru/mgs/papers/kel_ov/celcyc/

Cell cycle regulatory genes in yeast and humans.

[The Cell Cycle](#)

<http://www.biology-pages.info/C/CellCycle.html>

Illustrated summary of the events and control of the cell cycle.

[The Cytokinetic Mafia](#)

<http://www.bio.unc.edu/faculty/salmon/lab/mafia/mafia.html>

“Enter only if you love cytokinesis.” Includes movies.

[Meiosis](#)

<http://www.biology-pages.info/M/Meiosis.html>

Detailed description of meiosis with links to animations.

[Cell Cycle Regulation](#)

http://biochemweb.net/cell_cycle.shtml

Links to many sites on cell cycle in normal and cancer cells.
