Explanatory note

These letters are handed over at completion from the seller to the buyer. The letters are then sent to the tenants with directions as to how the rent is to be paid to the new lessors. The words "or as they direct" are in the letter to cover the payment of rent to managing agents rather than to the lessor direct. So when the letter is issued it will be accompanied by a letter from Cambo directing the tenant to pay the rent to managing agents, if that is what the lessor company wants.
