Activate Your Access

Did you receive an access code with your book or purchase one at your bookstore?

Your access code is 18 characters, not including hyphens, and is not case sensitive. Access codes may typically only be redeemed only once. If you purchased a used book or rented a book, the previous owner may have already redeemed the code. If so, you can still purchase access here using your credit card or ask your local bookstore if they stock standalone access code cards.
