

# Integrating Resources into Your LMS: What You Need to Know, Rottinghaus

## Integrating Resources into Your LMS: An Introduction

### What We Offer with Learning Link Direct

Introducing the Oxford University Press Higher Education Group’s Digital Learning Solution: **Oxford Learning Link Direct for Rottinghaus’s *Inside Texas Politics*, 2<sup>nd</sup> Edition!** Formerly known as interoperable course cartridges, Learning Link Direct allows for OUP’s digital learning resources for *Inside Texas Politics* to be **available within your institution’s own LMS** via a one-time course integration.

With this digital learning solution, there is no need for you and your students to learn a separate publisher-provided courseware platform in order to access the quality *Inside Texas Politics* digital learning tools within your LMS. Instructors and your LMS admins simply download Oxford’s interoperable course cartridge and, with the turn of a digital key, incorporate engaging content from OUP directly into your LMS for assigning and grading.

At this time, we currently offer interoperable cartridges for Blackboard, Canvas, D2L/BrightSpace, and Moodle.
