# Introduction

## **Welcome to the digital resources for *International Relations*, 3<sup>rd</sup> Edition!**

To help you get off to a smooth start this term, this Instructor Quick Start Guide will cover essential information about using and accessing Oxford's digital resources within your school's LMS via Oxford Learning Link Direct.

## **Who We Are**

At **Oxford University Press**, **content comes first**. We create high-quality, engaging, and affordable digital material in a variety of formats and deliver it to you in the way that best suits the needs of you, your students, and your institution.

## **What We Offer**

All new print and digital copies of *International Relations*, 3<sup>rd</sup> Edition, come with an access code that allows students to unlock a full suite of engaging and effective digital learning tools. These tools can be made **available within your institution's own LMS** via a one-time course integration involving Oxford Learning Link Direct, also known as an interoperable course cartridge.

With Learning Link Direct, there is no need for you and your students to learn a separate publisher-provided courseware platform in order to access quality digital learning tools within your LMS. Instructors and LMS administrators simply download and install Learning Link Direct and, with the turn of a digital key, incorporate engaging content from Oxford University Press directly into your LMS for assigning and grading.

At this time, we currently offer Learning Link Direct for **Blackboard, Canvas, D2L/BrightSpace, and Moodle**.

# Introduction

Additionally, please note that **this guide is meant for instructors who would like to have their students access the digital resources for *International Relations* within their school's LMS.** If you do not wish to integrate these resources into your LMS this term, you can also choose to have your students access them via Oxford's cloud-based learning platform, [Oxford Learning Cloud](#) (formerly known as Dashboard), or for self-study through [Oxford Learning Link](#). Visit <https://oup-arc.com/access/shiraev-zubok3e> for information on these options.

# Instructor FAQ

## Instructor FAQ

**Q: How do I integrate OUP digital content into my course via Learning Link Direct?**

**A:** Follow the simple steps outlined in the [Gaining Access](#) section of this guide.

**Q: How do my students access OUP digital content in my course?**

**A:** Have your students follow the three simple steps outlined in the [Student Registration](#) section of this guide.

**\*TIP:** Make sure to tell your students to register for OUP resources using **the same email address** that they use to access their LMS.

**Q: Is access to the digital learning resources for this title included in new copies of *International Relations*?**

**A:** Yes! **All new print and digital copies of the text automatically include a one-time-use access code that allows students to unlock our premium digital content** for no additional cost.

**Q: What if my students purchased a used or old edition of the book?**

**A:** If students decide to purchase a used book, OUP provides them with the option to purchase **stand-alone access** to our digital content. The stand-alone access card (purchasable either at the bookstore or via OUP's [Ancillary Resource Center](#)) gives you full access to the eBook and the digital assets for half the price of the paperbound text.

**Q: What if my students are not prepared to purchase their text or stand-alone access at the start of the term?**

**A:** Students who are not prepared to redeem their access code or purchase access at the start of the term will have the option to activate a 14-day free trial. Additional details can be found in the [Student Registration](#) section of this guide. This free trial option ensures that all students have access to an eBook and all of the material that they'll need for your class on day one.

# Instructor FAQ

**Q: How long will my students have access to my Learning Link Direct course?**

**A:** All students have access to OUP's digital content for **the duration of your course**.

**Q: My school participates in an inclusive access program. Can I make these materials available as inclusive access?**

However, they cannot be accessed by students. If you wish to make an instructor resource visible to students, you should download the resource and then post it to a student module in your course.
