How Students Will Register for Your Course

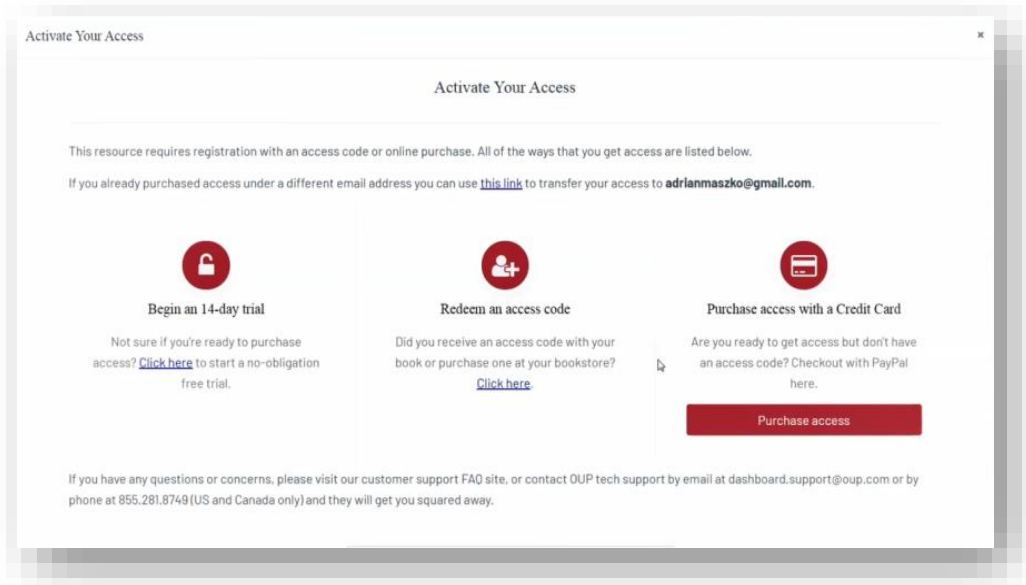

Follow these 3 simple steps to activate your access to the Oxford materials in your LMS.

Step 1: Navigate

- First, log in to your institution's learning management system (LMS) and access your course.

Step 2: Activate Access

- The Oxford University Press resources will look a lot like the other resources in your course; however, the first time you encounter one that's protected you'll be asked to Activate your Access by entering a redemption code, purchasing access, or starting a free trial.

STUDENT QUICK START GUIDE: ACTIVATING YOUR ACCESS TO RESOURCES

- **If you select “Redeem an access code”,** you’ll be prompted to enter the access code you received with the purchase of your book or through your bookstore and then hit “Redeem”. You’ll then have access for the duration of time denoted with the code.

Activate Your Access

Did you receive an access code with your book or purchase one at your bookstore?

Your access code is 16 characters, not including hyphens, and is not case sensitive. Access codes may typically only be redeemed only once. If you purchased a used book or rented a book, the previous owner may have already redeemed the code. If so, you can still purchase access here using your credit card or ask your local bookstore if they stock standalone access code cards.

- **After reading a chapter, work through Parts 1-3** of the Study Guide to cement your knowledge, check your understanding, and apply concepts.
- **Then come back to practice in Part 4, Personal Practice**, where you'll start with the areas that are the most challenging for you. You can practice as long as you need to in order to reach your target score.
- **If you wait 12 hours between completing Part 3 and starting Part 4, you will earn 50 extra bonus stars**. Spacing out your Study Guide sessions will help with long-term retention of the material.
- Feel free to leave and come back as many times as needed. Your progress is saved when you click the **Save and continue** button at the end of every exercise. When you return, you will find yourself at the beginning of the next exercise.

Submitting your work in the Study Guide

Your instructor can view student progress through the guide and may assign modules as part of your required course work. There are three ways to submit your Study Guide work.

1. **Target score submission:** Once you have achieved the target number of stars for a Study Guide, it will automatically be submitted to the Oxford Insight gradebook with a score of 100%.
2. **Due date submission:** If your instructor has set a due date for the chapter, and you have not yet achieved the target score, your current score for that chapter is automatically submitted at 11:59 PM on the specified due date.
3. **Voluntary submission:** Any time after completing Parts 1-3, you may opt to submit your current score and finish the chapter before achieving the target score via the submit button.

After submission, subsequent visits to the Study Guide are in review mode. Review mode allows you to view the correct answers for all questions. Once in review mode, questions cannot be tried again and your score cannot be re-submitted.
