How Students Will Register for Your Course

Follow these 3 simple steps to activate your access to the Oxford materials in your LMS.

Step 1: Navigate
- First, log in to your institution’s learning management system (LMS) and access your course.

Step 2: Activate Access
- The Oxford University Press resources will look a lot like the other resources in your course; however, the first time you encounter one that’s protected you’ll be asked to Activate your Access by entering a redemption code, purchasing access, or starting a free trial.
• If you select “Redeem an access code”, you’ll be prompted to enter the access code you received with the purchase of your book or through your bookstore and then hit “Redeem”. You’ll then have access for the duration of time denoted with the code.

• If you select “Purchase access with a Credit Card”, you’ll be prompted to checkout with PayPal. You will notice that much of the information has been populated.
• Finished entering your information, click “Continue,” and follow the prompts to process your purchase.

Note that no PayPal account is required for this process. You may choose to use one or checkout as a guest.
• If you select “Begin a trial”, you will have full access to your Oxford course material for the duration of the trial length specified on the screen. After the completion of the trial period, you will be prompted to redeem an access code or purchase access in order to continue accessing protected content.
  • OUP will automatically count down the days of your free trial
  • All of your work during the trial period will be saved!

Step 3: Use
• Return to your course in your institution’s LMS; then, try opening the same resource that had been locked before. Notice that it’s no longer locked!

Working Through A Study Guide Chapter

- Each chapter of the Study Guide consists of four parts, and each part has multiple exercises.
- As you progress through the Study Guide, **you’ll be earning stars toward a target score**. Each Study Guide chapter has its own target score, and achieving the target score for a given chapter earns you a score of 100%.
- **After reading a chapter, work through Parts 1-3** of the Study Guide to cement your knowledge, check your understanding, and apply concepts.
- **Then come back to practice in Part 4, Personal Practice**, where you’ll start with the areas that are the most challenging for you. You can practice as long as you need to in order to reach your target score.
- **If you wait 12 hours between completing Part 3 and starting Part 4, you will earn 50 extra bonus stars.** Spacing out your Study Guide sessions will help with long-term retention of the material.
- Feel free to leave and come back as many times as needed. Your progress is saved when you click the **Save and continue** button at the end of every exercise. When you return, you will find yourself at the beginning of the next exercise.

Submitting your work in the Study Guide

Your instructor can view student progress through the guide and may assign modules as part of your required course work. There are three ways to submit your Study Guide work.

1. **Target score submission**: Once you have achieved the target number of stars for a Study Guide, it will automatically be submitted to the Oxford Insight gradebook with a score of 100%.

2. **Due date submission**: If your instructor has set a due date for the chapter, and you have not yet achieved the target score, your current score for that chapter is automatically submitted at 11:59 PM on the specified due date.

3. **Voluntary submission**: Any time after completing Parts 1-3, you may opt to submit your current score and finish the chapter before achieving the target score via the submit button.

After submission, subsequent visits to the Study Guide are in review mode. Review mode allows you to view the correct answers for all questions. Once in review mode, questions cannot be tried again and your score cannot be re-submitted.
